DETAILED ACTION

Response to Arguments

Applicant's arguments filed 11-17-2006 have been fully considered but they are not persuasive.

1. Claims 1 and 5-22 have been amended per the examiner's recommendations and are therefore allowed.

2. Regarding Claims 23-30, as previously stated in the examiner's 8-17-2006 action, they must be given their broadest reasonable interpretation and thus the examiner continues to uphold his rejection since the prior art continues to read on these (broadly written) claims). The examiner is not swayed by the applicant's arguments.

The applicant is invited to amend these claims such that they recite each-and-every limitation as found in the allowed novel claims. Otherwise the rejection will again be upheld.

3. For brevity:

- Claims 23-30 are rejected as per the 8-17-06 Office Action (no new matter is entered, hence that rejection still stands).
- Claims 1 and 5-22 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
